**PETITIONING THE COURT**

To incorporate the violation contained in this petition in future proceedings with the violations previously reported to the Court on 11/30/2018 and 12/19/2018.

The probation officer believes that the offender has violated the following condition of supervision:

Violation Number      Nature of Noncompliance

8      **Special Condition # 4:** You must abstain from the use of illegal controlled substances, and must submit to urinalysis and sweat patch testing, as directed by the supervising officer, but no more than 6 tests per month, in order to confirm continued abstinence from these substances.

**Supporting Evidence:** The offender is considered to be in violation of his period of supervised release by refusing to provide a random drug test on January 8, 2019.

On March 22, 2018, the offender signed his Judgement in a Criminal Case stating he understood he was required to report for, and provide, random urinalysis testing.

On October 4, 2018, the offender signed the Treatment Services Contract Program Plan noting he understood he needed to call Merit Resource Services on a daily basis and report for random urinalysis testing when the color Brown was noted.

On January 8, 2019, the color Brown was called and the offender reported to Merit Resource Services to provide a random urinalysis test. Once at the facility, he advised staff he had been under a lot of stress and had "partied." He then refused to provide a sample for testing. Staff directed the offender to contact his supervising officer before he left.

The U.S. Probation Office respectfully recommends the Court to incorporate the violation contained in this petition in future proceedings with the violations previously reported to the Court.

I declare under penalty of perjury that the foregoing is true and correct.

Executed on: January 9, 2019
